

SERC-NSF Materials World Network Grant Call – Awarded projects for 2007-2010

SERC-NSF Materials World Network 2010

No.	Project	Principal Investigator	Institution	US Collaborator
1.	III-nitride nanomaterials growth and control for solid-state cavity quantum electrodynamics	Prof Chua Soo Jin	IMRE	Prof Wong Chee Wei, Columbia University

SERC-NSF Materials World Network 2009

No.	Project	Principal Investigator	Institution	US Collaborator
1.	Discrete Twinning Dynamics	Dr. Shailendra P. Joshi	NUS	Dr. K.T. Ramesh, The Johns Hopkins University

SERC-NSF Materials World Network 2008

No projects awarded.

SERC-NSF Materials World Network 2007

No projects awarded.
