

IME'S STATEMENT ON SHANE TODD'S CASE, 18 JUNE 2013

Singapore, 18 June 2013 - The Coroner's Inquiry (CI) into the death of a former Institute of Microelectronics (IME) employee, Shane Truman Todd, drew to a close with the submission of closing statements by the Attorney-General's Chambers (AGC) and IME to the State Coroner. The State Coroner will consider the evidence presented and deliver his findings on 8 July 2013.

The closing statements constitute a summation of the evidence presented during the CI, and the AGC and IME's submissions as to the cause of and circumstances connected with Shane Todd's death.
