*Programme is subject to change.*
In a world where change is the only constant and innovation is driven by passionate people, the journey towards tomorrow’s Science begins with the talents of today.

Research, Innovation, and Enterprise form the very pillars that ensure our nation’s continued competitiveness on the global stage, reinforcing our position as an international hub for science and innovation.

This year’s theme – Tomorrow’s Science, Today – echoes the crucial role you play in this pursuit. Ultimately, people are at the heart of what we do. Your contributions will help build deep capabilities and future-changing innovations to impact Singapore, Singaporeans, and Science.

Congratulations, and a warm welcome to the 2024 cohort of A*STAR scholars!

As you embark on this new chapter of your academic and professional lives, the A*STAR Graduate Academy (A*GA) stands ready to support and advance your scientific aspirations.

The future of science lies in your capable hands and I offer you this sage advice: Do what is right, not what is easy. Let your values and principles be the compass guiding your actions to shape the world around you.

Enjoy this moment; we eagerly anticipate the brighter, more innovative future that you will help bring us towards.

---

**Message from our Executive Director**

Ms Tay Chay Wah
A*STAR Graduate Academy

**NATIONAL SCIENCE SCHOLARSHIP (BS)**

The National Science Scholarship (BS) offers scholars access to top global institutions, labs and scientific mentors. Explore various pathways for development with early access to the scientific ecosystem, readying scholars for impactful contributions in research. Individuals with outstanding performance will be supported for their PhD training.

**BIO MEDICAL SCIENCES**

- Ang Kai Ling
- Chloe Koh
- Foo Ming Guo
- George Lee Zhi Xiang
- Liu Shuwen
- Mu Chuping
- Sheryl Tay Ke Ying
- Tan Yok Ray
- Timothy Lim Jing Feng
- Yang Chenxi
- Yap Rui Qi Rachel
- Zu Lilian

**SCIENCE AND ENGINEERING**

- Chan Chee Yong Leemen
- Christopher Koh Jie En
- Gary Wu Yikai
- Isaac Yeap Sheng Rong
- Ishneet Sukhvinder Singh
- Johnson Kathiravan
- Lee Ying Shin Alexis
- Ma Jinghong
- Medhansh Bhagchandani
- Namboodiri Bharat
- Ng Yu Hung
- Sanfo Bimal Thomas
- Tan Yong Han Travis
- Timothy Chek Jun Hou
- Yeo Zhen Xi Naythan

Scholars of 2024
NATIONAL SCIENCE SCHOLARSHIP (Masters)
Fast-tracking scholars into research, the National Science Scholarship (Masters) is an overseas scholarship that provides practical experience to scholars in the fields of Computer and Information Sciences, Food Science and Nutrition, Microelectronics, and Quantum Technology. Through hands-on exposure, scholars are equipped with industry-ready research skills to make contribution to the industry in a shorter span of time.

NATIONAL SCIENCE SCHOLARSHIP (PhD)
Designed to cultivate top researchers for Singapore, the National Science Scholarship (PhD) allows scholars access to top global institutions and labs, exposing them to global view on research. Accompanied with a 1-year research attachment at A*STAR, scholars are given real-world experience and equipped with skills to excel on the global stage.

A*STAR GRADUATE SCHOLARSHIP
The A*STAR Graduate Scholarship enables students to directly contribute to research during their PhD studies. With the option for a 12-month overseas attachment, this scholarship gives awardees a well-rounded foundation for the research industry. Upon completion, scholars of this award are also able to pursue a post-doctorate with the A*STAR International Fellowship.

A*STAR INTERNATIONAL FELLOWSHIP
Focused on science beyond research, the A*STAR International Fellowship is an overseas fellowship geared to equip scholars with resources and skills for game-changing innovation. Serving as a platform for global connections, this post-doctoral stint allows scholars to tap into an international network, deepening their research experience and preparing them for tomorrow's biggest breakthroughs.

OUR MISSION

We advance science and develop innovative technology to further economic growth and improve lives.

The Agency for Science, Technology and Research (A*STAR) drives mission-oriented research that advances scientific discovery and technological innovation. We play a key role in nurturing and developing talent and leaders for our Research Institutes, the wider research community, and industry.

Our research creates economic growth and jobs for Singapore. As a Science and Technology Organisation, we bridge the gap between academia and industry in terms of research and development. In these endeavours, we seek to integrate the relevant capabilities of our research institutes and collaborate with the wider research community as well as other public sector agencies towards meaningful and impactful outcomes. Together with the other public sector entities, we develop industry sectors by:

- integrating our capabilities to create impact with Multi-National Corporations and Globally Competitive Companies;
- partnering Local Enterprises for productivity and gearing them for growth; and
- nurturing R&D-driven Start-ups by seeding for surprises and shaping for success.

Our research, in addition, also contributes to societal benefits such as improving outcomes in healthcare, urban living, and sustainability. These serve to enhance lives in Singapore and beyond.

OUR VISION

A global leader in science, technology and open innovation

The Agency for Science, Technology and Research (A*STAR) is a catalyst, enabler and convenor of significant research initiatives among the research community in Singapore and beyond. Through open innovation, we collaborate with our partners in both the public and private sectors, and bring science and technology to benefit the economy and society.
