

CONGRATULATIONS TO OUR LONG SERVICE AWARDEES!

Awardees absent with apologies:

CONGRATULATIONS! It is again that time of the year when GIS shows our heartfelt appreciation to our dedicated and long serving colleagues. On 5 January 2022, GIS' Executive Director, Prof Patrick Tan, presented the Long Service Award to 10 of our deserving colleagues present at the ceremony.

On behalf of the GIS Staff and Management, we would like to thank these 18 long service awardees for their devotion, loyalty, commitment, and hard work all these years. Their abilities and efforts have contributed immensely to the success and growth of GIS. Their wealth of experience and institutional knowledge will be much valued and treasured. Thanks for being such a star! Well done!

35 YEARS OF LONG SERVICE

"In the past 35 years, I've worked in various NSTB/A*STAR entities, and my stay in GIS has been the longest (since December 2002!). I greatly enjoy the strong team spirit here at GIS with its very supportive and encouraging management. I distinctly remember that a few months after I joined, SARS came into the scene. I saw how the researchers worked as a team to contribute towards this national effort. Likewise, for COVID-19 which broke out 2 years ago. This closely knitted teamwork at GIS is unbeatable! GIS is not only my workplace, but a second home filled with lots of fun and happiness. I feel so honoured to receive this award and proud to be part of this GIS' family. Three cheers to GIS!!!

*Tan Siew Hoon, Manager
Office of Procurement*

20 YEARS OF LONG SERVICE

"I am indeed honored to receive this long service award, and I would like to show my appreciation to Madeline who has given me much opportunity to learn and grow throughout my journey here in GIS. Truly, I am blessed to be working with so many wonderful and helpful colleagues. Thank you once again!

*Sharon Tan Beng Choo, Assistant Manager
Office of Research Planning and Management*

15 YEARS OF LONG SERVICE

"I've truly enjoyed working with past and present colleagues in GIS. Many of them have become my close friends. These past 15 years, every day has been a lesson to learn, and I treasure the experiences in GIS."

*Lee Puay Leng, Senior Research Officer
Laboratory of Precision Cancer Medicine*

5 YEARS OF LONG SERVICE

"What a wonderful five years with GIS! I'm excited to continue developing exciting technologies with our GIS family for many more years!

*Chew Wei Leong, Senior Research Scientist
Laboratory of Synthetic Biology and Genome Editing*

"I joined the company in 2016. It's refreshing to work with a team that is all on the same page and is pursuing a common goal. My research officer is supportive, engaging in our growth, and I hope to accomplish more for the years to come."

*Ng Zhenyuan, Systems Engineer
GRIDS Platform*

OTHER GIS LONG-SERVICE AWARDEES:

20-year long service awardee

Low Hwee Meng Senior Laboratory Manager, Integrated Genomics Platform

15-year long service awardees

Winnie Serah Lim Chui Phaik Manager, Office of Corporate Communications, and Office of Research Planning and Management

Ong Chin Thing Senior Research Officer, Integrated Genomics Platform

10-year long service awardee

Yuan Ju Post Doctoral Fellow, Laboratory of Translational Cancer Biology

5-year long service awardees

Augustine Cheong Weng Onn Senior Research Officer, Laboratory of Complex Disease Genetics

Jolene Goh Jie Lin Research Officer, Laboratory of Imagenomics

Goh Yeek Teck Research Officer II, Laboratory of Systems Biology and Data Analytics

Jiang Lingfan Research Fellow, Laboratory of Imagenomics

Koh Jia Yu Bioinformatics Specialist, GRIDS Platform

Liew Jun Xian Senior Bioinformatics Specialist, GRIDS Platform

Low Hwee Meng Assistant Laboratory Manager II, Integrated Genomics Platform

Adaikalavan Ramasamy Senior Research Scientist, Bioinformatics Consulting and Training

Wong Pui Man Programme Manager, Lab of Applied Cancer Genomics
