“Characterization of Fatty Acid Binding Protein in the Murine Retina”

IOVS, 2016 Jun 1;57(7):3397-408.(IF: 3.466)

Su X, Tan MJ, Li Z, Wong M, Rajamani L, Lingam G, Loh XJ.

“Recent progress in using biomaterials as vitreous substitutes”

Biomacromolecules 2015 Oct 12; 16(10): 3093-102.

Su X*, Wong WL*, Li X, Cheung G, Ronald Klein, Cheng CY, Wong TY.

Global Prevalence of age-related macular degeneration and disease burden projection for 2020 and 2040: a systemic review and meta-analysis.

Lancet Global Health. Vol 2. No. 2 Feb 2014 e106 (*co-first authors).

Su X*, Jiemin Liao*, Peng Chen et al.

Meta-analysis of genome-wide association studies in multi-ethnic Asians identifies two loci for age-related nuclear cataract.

Human Molecular Genetics 2014 Nov 15;23(22):6119-28 (*co-first author)

Su X, Bernal JA, Venkitaraman AR.

Cell-cycle coordination between DNA replication and recombination revealed by a vertebrate N-end rule degron-Rad51.

Nat Struct Mol Biol 2008 Oct;15(10):1049-58

Ayoub N, Rajendra E. **Su X**, Jeyasekharan AD, Mahen R and Venkitaraman AR.

The carboxy-terminus of BRCA2 links the disassembly of RAD51 complexes to mitotic entry.

Current Biology 2009 Jul 14; 19(13):1075-85.

Kadam Pai P, **Su XY**, Miranda JJ, Soemantri A, Saha N, Heng CK, Lai PS.

Ethnic variations of a retinoblastoma susceptibility gene (RB1) polymorphism in eight Asian populations.

J Genet 2003 Apr-Aug; 82(1-2):33-7
