

Volodymyr AKIMOV

Research Officer

+65 6824 7220

volodymyra@nbl.a-star.edu.sg

Research Officer, NanoBio Lab, Singapore, 2018-present

Product Engineer, Emage Vision Pte Ltd, Singapore, 2018

Laboratory Manager and Physics Experiments Technical Support, Centre for Quantum Technologies, National University of Singapore, 2011-2017

Researcher, Software and Hardware Design Engineer, TECS Ltd, Hyundai

Motors Automotive R&D Centre, South Korea, 2007-2010

M.Sc. in Radio Electronics Engineering, Sevastopol National Technical University, Ukraine, 1996

Patents

1. V. Akimov and J.-H. Kang, "Apparatus and Method for Sensing Leakage Current of Battery," US Patent Granted on March 27, 2012
2. J.-H. Kang and V. Akimov, "Apparatus and Method for Sensing Battery Cell Voltage Using Isolation Capacitor," US Patent Granted on March 6, 2012
