

# FY2020 CALENDAR OF EVENTS

SB offers a selection of health technology innovation lectures & workshops to industry, clinical & academic professionals who would benefit from having a framework to de-risk their innovation projects.

**Biodesign Bootcamps:** Aims to provide a hands-on multidisciplinary environment to learn & apply the Biodesign framework.

\$\$: Please enquire for price (minimum attendance required)

**Lectures:** Open access lunch time lecture series providing general overview and interactive sharing sessions from industry experts.

\$\$: Free

**Workshops:** Feature case-studies, opportunity for hands-on learning and interaction with domain expert trainer on specific topics that warrant a deeper dive.

\$\$: SGD 500/ 0.5D Workshop
