Get Your Health and MedTech Innovation Training With Us!

Gain new knowledge on how to kickstart a career in Health and MedTech innovation

Hands-on team based learning while working on real world examples with deeper focus on Asia and implementation

Better understanding of key implementation factors that can affect downstream adoption of healthcare solutions

Gain a holistic overview of bringing a HealthTech innovation from project to commercial adoption

ABOUT SINGAPORE BIODESIGN

Singapore Biodesign, a global affiliate programme of Stanford Mussallem Center for Biodesign, is a national-level training development platform focused on bringing economic benefits and healthcare value through Health and MedTech innovation training.

Our curriculum is based on Stanford's renowned Biodesign Process which provides a systematic approach to identifying crucial unmet healthcare needs, developing novel technologies to address them, and the subsequent development of business and commercialization plans to bring them into patient care. All modules will be helmed by our WSQ ACLP certified trainers with more than 2,000 hours of teaching with guest speakers from the Industry!

UPCOMING WORKSHOPS

Our courses cover a wide range of topics in the HealthTech and MedTech industry and are designed for professionals looking to up-skill or re-skill themselves in the healthcare innovation space.
