#AreYouReadyForIt

6-month intensive leadership programme for faculty members interested in health and medtech innovation

Coached through a project using the Biodesign methodology to identify unmet clinical needs

Developing a robust network of health and medtech innovation relationships within and outside Singapore

Impact

Develop and lead training initiatives to guide aspiring innovators

Influence

Apply Biodesign towards individually directed research and innovation; increase translation potential and industry relevance

Instruct

Leverage Biodesign educational resources for instructional teaching

Involve

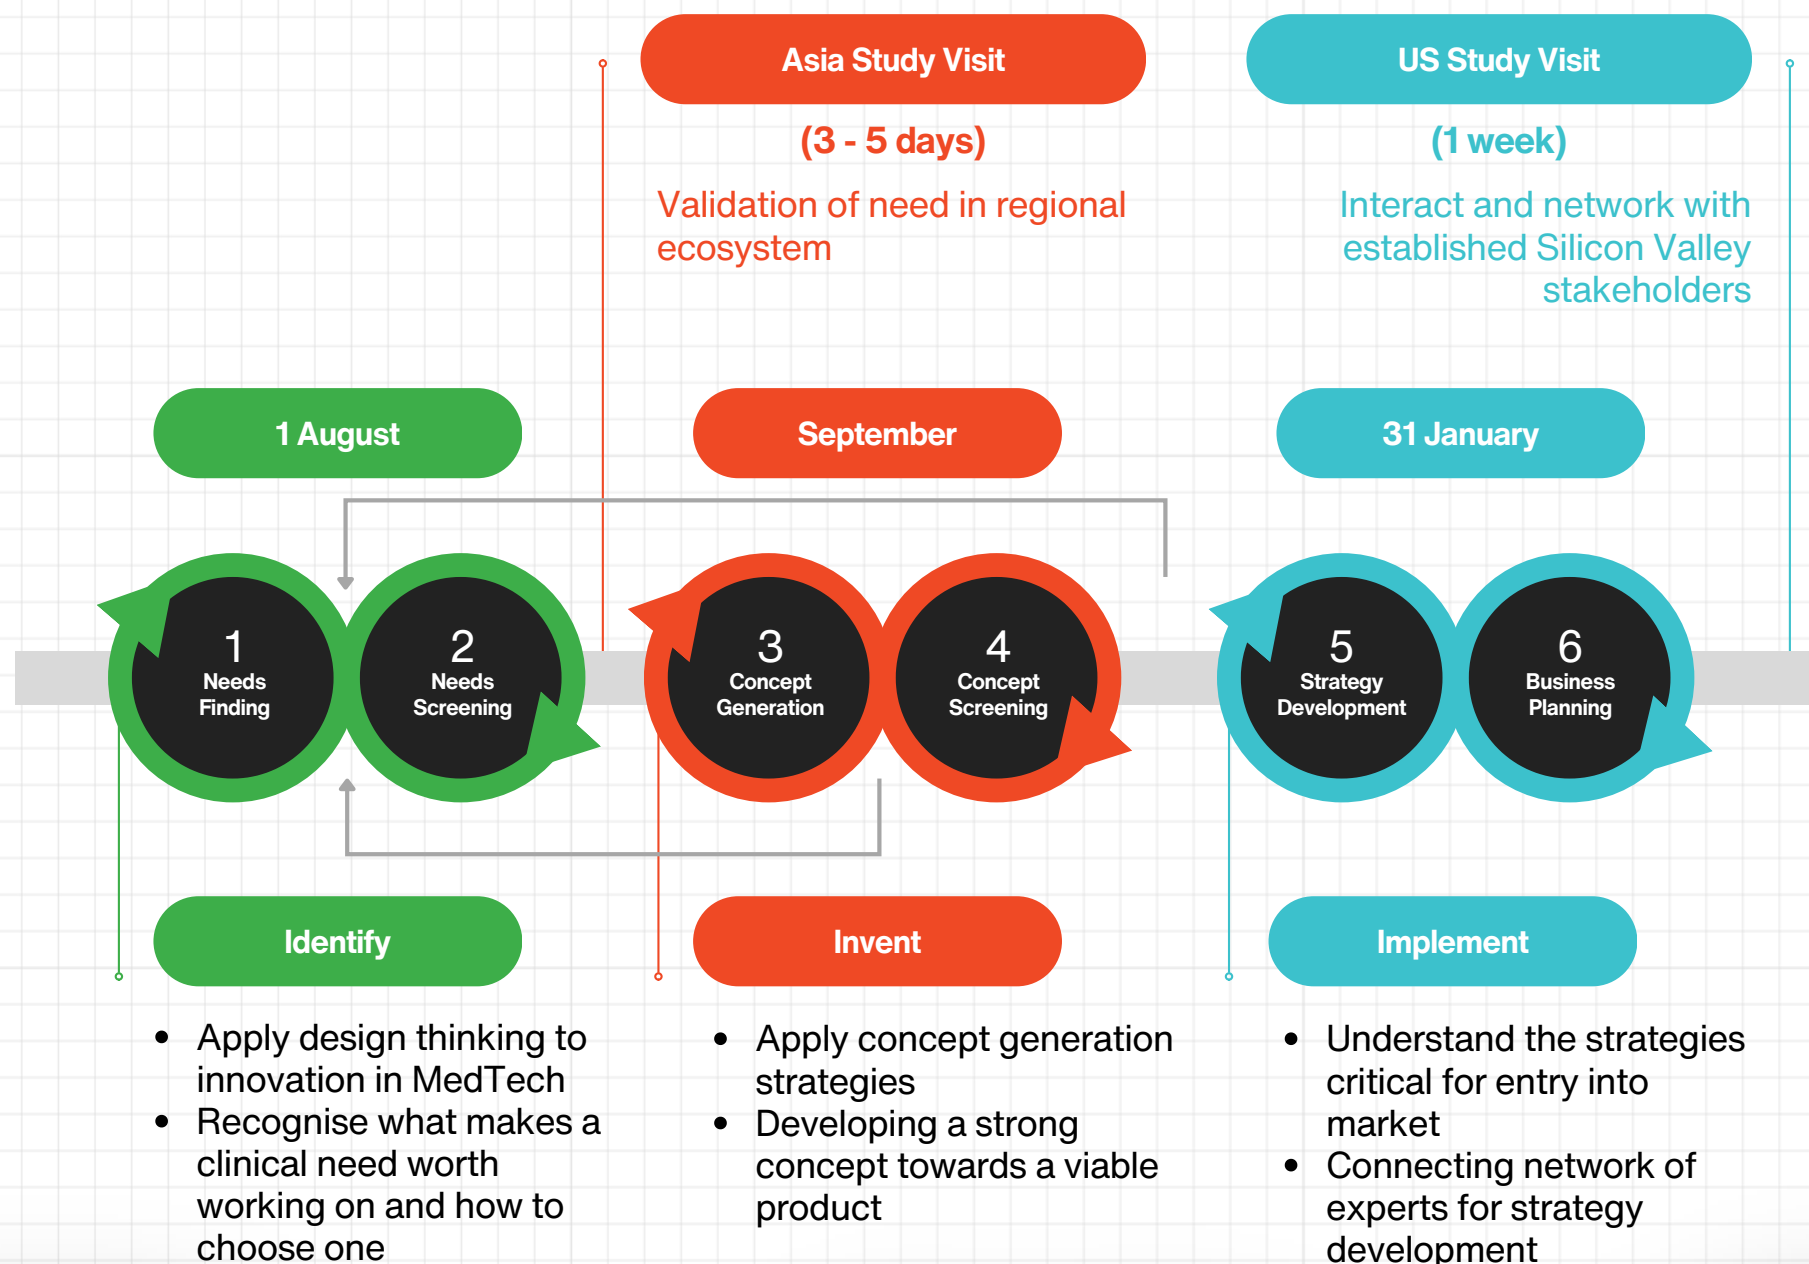

Work with and contribute towards a vibrant international community for Health and MedTech Innovation

#YourInnovationJourney

Programme Format

Faculty Fellows should expect to spend about **ten hours a week** towards reading, project work, training workshops and regular small group mentoring sessions to familiarize themselves with the Biodesign innovation process.

In a nutshell...

-  6 Months Part-time Basis
-  Up to 4 Faculty Fellows Per Year
-  Study Visits to Asia and Silicon Valley
-  Weekly Check-ins & Monthly Group Mentoring

Application Process

Application opens from 06 January – 14 February 2025

Interested individuals are to submit their applications via the QR code or link below. Singapore Biodesign will work with host institutions to establish a shortlist of candidates for interview.

Considerations for selection include:

- Relevance of programme to candidate's aspirations
- Departmental support and commitment to implement Biodesign

Who should apply?

IHL Tenured Faculty members/ Senior Clinician-innovators/ Senior Scientists seeking to adopt Biodesign for teaching, training or establishing programs for innovations in Health Technologies in their host institutions.
