

HEALTH, SAFETY AND ENVIRONMENT (HSE) POLICY

It is ID Labs' Management priority to provide its employees, students, contractors and visitors with a healthy and safe environment. The Institute strives through a process of continual improvement, to fully integrate health and safety into all aspects of its work activities. Furthermore, ID Labs endeavours to serve the community and will not conduct activities that would jeopardize the health, safety and environment of the community.

ID Labs' Management is committed to:

- Comply with all applicable health, safety and environmental legislations and other requirements;
- Continuously improve health, safety and environmental performance to prevent pollution, injury and ill-health;
- Observe, anticipate, identify and eliminate health and safety hazards in the workplace and continually review and reduce the risks;
- Ensure that our employees, students and collaborators take personal responsibility to prevent injury to themselves and their colleagues;
- Instil and promote health, safety and environment awareness and competencies by conducting trainings and communicating with all relevant parties to prevent incidents and injuries; and
- Provide adequate and appropriate resources to facilitate safe work conducted within ID Labs.

ID Labs requires all employees, students, collaborators and contractors to co-operate in achieving a high standard of health and safety performance, encourages and rewards all staff in pursuit of this goal.
